THE MISSION: SIMPLIFYING RETIREMENT

Happy Client!

SINDHU BOSE

Retired

I'm thrilled to share my experience investing in Sphere PMS for the past fifteen months. It's been amazing to see a steady increase in the value of my investment, and I'm hopeful it will help me build a decent amount of wealth over time. This will provide me with financial stability and reliability during my retirement years.

One of the best things about Sphere PMS is that it's a discretionary PMS, which means I don't have to worry about identifying market opportunities or economic volatility. I can just sit back, relax, and enjoy my retirement hobbies, knowing that a skilled and professional team of ithought is handling my hard-earned money with expertise.

I genuinely believe that Sphere PMS is the perfect choice for me. Their customised strategies carry moderate risk, accelerating my wealth journey. I couldn't be happier with my investment decision, and I just had to share it with you because you deserve to know about this great investment option. Thanks for listening!

THE MISSION: SIMPLIFYING RETIREMENT

Happy Client!

AJIET SARIN

Co-founder and Director, Wytewall Technologies

I was introduced to ithought more than a year back. SPHERE was a relatively new programme that had been launched and was apparently showing promise. The whole concept was well thought out, with a clear purpose, and I jumped on it vis-à-vis the other programs. Clarity, simplicity, and purpose are great drivers at SPHERE.

SPHERE has kept ahead of the stock indices, which is a great achievement.

What I expect from SPHERE is to build some flexibility in the operating system for the client vis-à-vis the programme guidelines.

Overall, happy to be part of the journey!

THE SPHERE EDGE

	Multi-Asset Mutual Funds	SPHERE			
Allocation Limits	Minimum Equity Allocation of 65% to maintain tax advantage	True investment flexibility of 0% to 100% across all asset classes			
Performance Pressure	Short-term performance pressure	Long-term active investing approach			
Investment Style	Consensus Based	Contrarian Investing			
Portfolio Construction	Standardised	Customised through participation			
Investor Exits	Impacts All Investors	Impacts only the individual			
Taxation	Only on redemption of units	Security level taxation
